

# PROGRAMMES IN ECONOMICS FOR FOREIGN STUDENTS AT THE BIALYSTOK SCHOOL OF ECONOMICS (POLAND)

Białystok School of Economics, founded in 1996, is a non-public university. It educates students in **first, second and postgraduate programmes**. Since its inception, **the School has received many honors and awards**, among them the European Medal of the Business Centre Club for studies in Economics which provides a high standard and European level of education. Programmes in economics (Bachelor's and Master's studies) also have a **positive assessment of the quality of education, degree programme (curriculum) and the material base** received from Polish Accreditation Committee in 2016.

Economics is a domain that **connects the humanistic and science parts**. Economics - money, banking, prices of commodities, stock exchanges, investment that is what we deal with every day. Studies in this field ensure to call correctly all these things and learn how to act in order to multiply your savings. They also show how to set up and run (with a profit) your own business.

**After graduating in Economics you can** manage companies and employees in managerial and operating positions in all kinds of enterprises and public institutions as well as work in jobs related to a broad range of finance and trade.

**MAJORS IN ECONOMICS** available in English:

## **BACHELOR'S PROGRAMME (6 semesters)**

- Business Economics
- Accounting and Corporate Finance

Students choose the major after completing the first year.

## **MASTER'S PROGRAMME (4 semesters)**

- Business Economics
- Accounting and Corporate Finance
- International Economics and Business Management

Students choose the major during the registration process.

## APPLICATION:

Studies application takes place after the candidate delivers necessary documents and signs agreement for the provision of educational services.
